CELEBRATING 40 YEARS OF ARMSTRONG

PEACE OF MIND WITH ARMSTRONG SMARTER SECURITY

Did you know that Armstrong's humble beginnings started in 1980 with a Morris Minor 1000 van?

This year, we are proud to celebrate 40 years of security expertise, keeping you and your property safe and secure.

With a fleet of well-equipped mobile workshops (vans) on the road across New Zealand, backed by a growing number of retail stores, and a fleet of specific electronic security vehicles that focus on installation and servicing electronic security i.e. Alarms, CCTV and Access Control, we offer our clients fast and fully guaranteed service.

E-Lok - A Smart Lock that suits your lifestyle, your home and what nature throws at it.

The E-LOK 7-Series is New Zealand's first purpose built Smart Lockset for narrow aluminum joinery. This has been designed with all the modern features to suit your lifestyle, including a Clarity Fingerprint Sensor (707 Model Only). Highlights include:

- High Quality Build - constructed in solid 304 Stainless-Steel
- Bluetooth as Standard - Powered via Bluetooth with full app control
- Sleek Design - The 38mm wide profile is completely unique and perfect for aluminum joinery.
- Full-Functionality - E-LOK spares no features and offers a fully functional electronic entry system.

The 7-Series boasts an impressive 5-unlock methods in total with almost unlimited pass-code storage capacity. Want one or two? call us on 0800 506 111 for more information or visit / email your nearest Armstrong branch.
