- 210km/hr Limited Wind Warranty
- Limited Lifetime Product Warranty

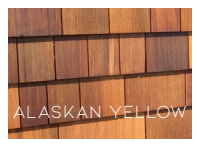

CEDAR & PINE SHINGLES

The premium grade of shingles for roofs, gable ends and sidewalls. These top-grade shingles are 100% heartwood, 100% clear and 100% edge grain. Available in 406mm or 457mm or 610mm lengths.

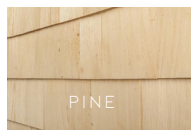

Cedar shakes and shingles manufactured by members of the Cedar Shake & Shingle Bureau ("CSSB") are the only products labelled with the "Certi" brand name. Certi-label cedar shakes and shingles are made by experienced craftsmen who take pride in their trade and the quality of their product.

WESTERN RED

ALASKAN YELLOW

PINE

CEDAR SHAKES

HANDSPLIT SHAKES

These shakes have split faces and sawn backs. Cedar logs are first cut into desired lengths. Blanks or boards of proper thickness are split and then run diagonally through a bandsaw to produce two tapered shakes from each blank

ALASKAN YELLOW

Offers good dimensional stability, and is resistant to weather, insects, and contact with soil. It works easily with hand or machine tools; it turns and carves quite well. It can be fastened with glues, screws, and nails.

TAPERSAWN SHAKES

These shakes are sawn both sides Premium and Number 1 Grades are the most common. Premium Grade is 100% edge grain, 100% clear and 100% heartwood
