MATT GLASS CERAMIC

Components of the BORA Professional 3.0 sets

Cooktop extractor system with two cooktops and ducting

YOUR ADVANTAGES: one order number, one price.

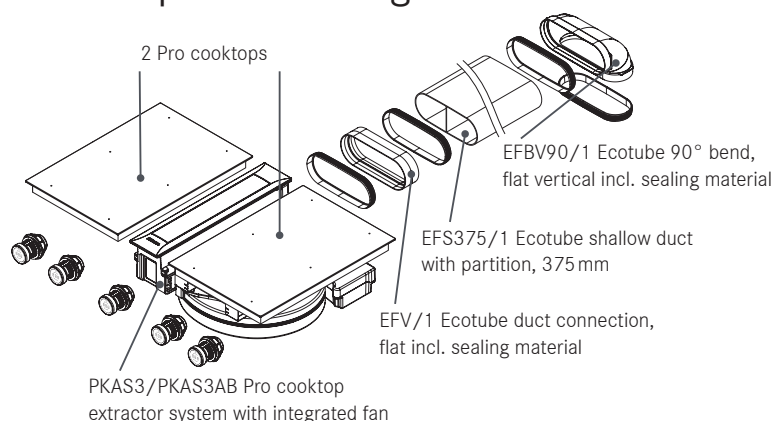

Further individual planning starting with the plinth fan:

Recirculation: with ULBF or ULB3X
Tip: order the filter for the recirculation system at the same time.

Exhaust air: with BORA Ecotube and a wall sleeve (UEBF/1, UEBR/1, UEBRK/1, HEJAFLOW).

BORA Classic 2.0

Product highlights

- Minimalist design
- Intuitive, multi-coloured sControl+ operating panel
- Stainless steel grease filter
- Simple cleaning
- Integrated grease drip tray
- Space for four large cooking pots (Ø 24 cm)
- Modular system
- Automatic extractor control
- Precise temperature control

Dimensions (W × D × H): 772 × 515 × 190 mm

For kitchen units with a min. width of 80 cm (2 cooktops)

CKA2FI – BORA Classic 2.0 surface induction set

Set of two surface induction glass ceramic cooktops comprising the following:

- 1 CKASE2: Classic 2.0 cooktop extractor system set
- 2 CKFI: Classic surface induction cooktop

\$ 10,999.00 incl. GST

CKA2FIAB – BORA Classic 2.0 surface induction set, All Black

Set of two surface induction glass ceramic cooktops comprising the following:

- 1 CKASE2AB: Classic 2.0 cooktop extractor system set, All Black
- 2 CKFI: Classic surface induction cooktop

\$ 11,299.00 incl. GST

All Black
model

CKA2FIT – BORA Professional 2.0 surface induction and Tepan set

Surface induction glass ceramic cooktop and Tepan stainless steel grill set comprising the following:

- 1 CKASE2: Classic 2.0 cooktop extractor system set
- 1 CKFI: Classic surface induction cooktop
- 1 CKT: Classic Tepan stainless steel grill with 2 cooking zones

\$ 12,899.00 incl. GST

Components of the BORA Classic 2.0 sets

Cooktop extractor with two cooktops,
fan, silencer and duct parts down to the plinth

YOUR ADVANTAGES: one order number, one price.

Further individual planning starting with the plinth fan:

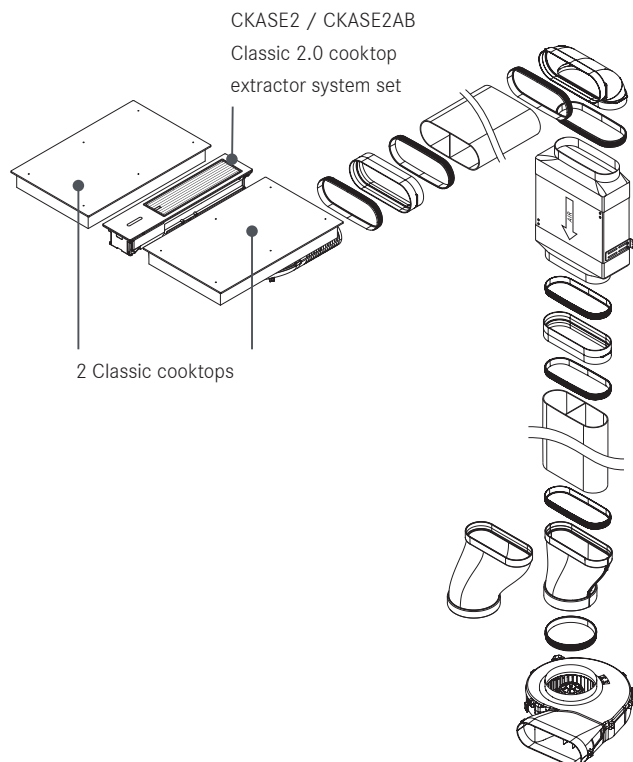

Recirculation: with ULBF or ULB3X

Tip: order the filter for the recirculation system at the same time.

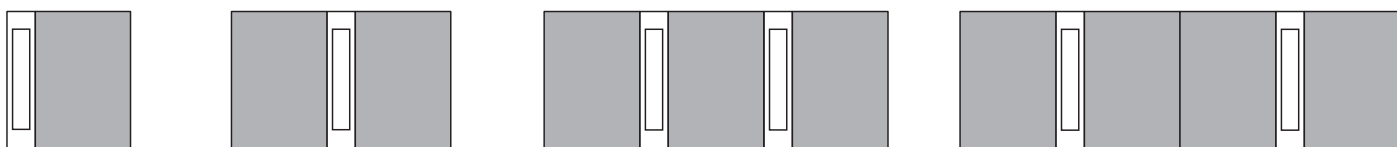

Exhaust air: with BORA Ecotube and a wall sleeve (UEBF/1, UEBR/1, UEBRK/1, HEJAFLOW).

Multiple BORA combinations

Several modular cooktops and extractor systems can be combined to create the desired set-up.

Easy to order:

One popular option is the combination of a set with one or more further modular elements.

Place your order here for the additional Ecotube components required as well as the odour filter if fitting a recirculated air system.

FREE PLANNING SERVICE FOR BORA RETAIL PARTNERS

We help you plan for our BORA appliances:

You will receive an installation proposal over several pages showing all necessary measurements for kitchen unit planning and installation. We can find a solution for even the trickiest installation scenarios, for example, by optimising the ducting.

A full list of parts helps your team of fitters to install BORA systems smoothly and flawlessly.

In the event of any queries, please contact: **support.apac@bora.com**, tel. **+61 2 9719 2350**
