

# Design brief questionnaire

## About this questionnaire...

This questionnaire helps us to understand your new home; its aesthetic, its function, its feel and its purpose.

It helps us understand what's important to you, and how you and your family live.

Answer the questions on the following pages as fully as you can. Do it together, or do it individually and then compare your thoughts. Some questions may not be relevant for you; that's fine.

Use whatever technique works for you. Write, record, video, sketch, draw bubble diagrams; it doesn't matter.

## Architecture is for life

Each project is special. We work collaboratively with our clients to achieve buildings that are architecturally excellent, contextually sensitive and perform for life.

We design for you. We listen, we advise, but the decisions are yours.

**20 things we want  
in our new home are...**

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....

.....
