**ENTRO**

OPEN POSSIBILITIES

YOU'RE IN THE RIGHT PLACE

## Welcome to where the discerning come to discover the possibilities!

---

You're in the right place if you're a discerning Designer, Developer, or Architect who specialises in delivering large scale commercial projects on time and on budget. You balance top line quality with bottom line results - in short, you deliver value... every time!

You've built a solid reputation by delivering projects reliably and you want a partner you can trust to do the same.

Like you, ENTRO has a keen eye for detail. We don't buy into designs that don't perform. We deliver premium hardware possibilities and

balance beautiful design with functionality and durability. Like our client relationships, we build our product to last!

We understand that you are pressed for time, so we've banished long lead times. There's a comprehensive hardware range in stock ready to deliver to you anywhere in Australia. We make it easy for you to not only choose the right product but get it there without any hassle.

You are definitely discerning when it comes to products, services, and support. At ENTRO, we are too!

## ENTRO's superior service and support makes the difference

---

When custom made, premium doorware is paired with impeccable support - the possibilities are endless.

From single product solutions to full project hardware specifications, the ENTRO dedicated hardware consulting team is here to help you navigate the specification process with our complimentary architectural hardware consulting service.

You have access to all the personalised product support and advice that your project requires.

Whether you are looking for a single product solution or a full project hardware specification, ENTRO is always ready to assist.

### Our services include but not limited to:

---

- Product knowledge and advice
- Project hardware specifications
- Compliance, building, life-safety, and accessibility code advice
- Budget preparation
- Cross checking door types and frames
- Project management support
- Job Site reviews and pre and post installation inspections
- Variation reporting
- Promaster keying schedules
- Customised product design on selected products
- In-house colour finishing services

## TESTING, COMPLIANCE, AND WARRANTIES

Rigorous testing and compliances ensures generous warranties are in place to cover all the possibilities.

Rigorous testing and compliance is conducted.

ENTRO hardware complies with all building, life-safety, and accessibility codes and carries the necessary certification for occupancy approvals.

To ensure consistency is maintained, a quality control process is in place with a high proportion of products being tested for fire, durability, and security performance. This enables us to offer an extended 25 year warranty on key products

Generous 25 year warranty periods deliver long-term peace of mind.

We guarantee the performance of our products to give you long-term peace of mind. If any product is found to be defective, we will replace or repair the item free of charge.

The ENTRO Product Warranty Period is a 25 year warranty on key products.

ENTRO Product	Warranty Period
Locks & Latches (A0100, A0400 & A4000 series)	25 Years
Door furniture (B0100, B2000 & B3000 series)	25 Years
Door controls (D1200, D1300, D0600 & D0700 series)	25 Years
All other ENTRO products	10 Years

ENTRO IS COMMITTED TO THE FUTURE THROUGH SUSTAINABILITY TODAY

## Providing products and possibilities that last.

---

At ENTRO when it comes to our planet, we support the long game. Not only do we provide premium products that last, minimising the disposable impact of these elements, we believe that the possibilities should remain for those who come after us, long after our time on this planet is done.

We take our environmental commitment seriously and we aim to minimise our impact by continuously reviewing our methods, materials, and processes, and continue to seek out ways to lessen the environmental impact of our existence ensuring that we create an optimal approach to our business operations.

### Our current commitments include:

---

- Making our products more sustainable
- Using non-polluting finishes
- Operating with energy efficiency
- Using clean energy sources and reducing CO<sub>2</sub> emissions
- Reducing our operational paper usage and embracing digital options
- Recycling, reducing, and reusing where possible
- Partnering with other sustainable companies
- Researching and implementing improved environmental solutions
- Giving back to our industry and our communities

## WHY CHOOSE ENTRO?

# Open possibilities mean premium products and a premium experience.

---

When you have the choice to work with anyone, why would you choose ENTRO?

First and foremost because the ENTRO mission is simple. We are here to provide premium possibilities for discerning Designers, Developers, and Architects. We make premium products accessible to those of you delivering large scale commercial projects that demand choice, quality, durability, and customisation while still remaining within budget.

## The ENTRO Difference

---

- ✔ We create premium products that offer value for your budget. So that you can have the choice, quality, customisation, and value that keeps you on budget, while still setting your build apart from the competition.
- ✔ Our hardware designs are built to perform. So that you can trust your choice and deliver the quality design and functionality that your project requires.
- ✔ Our products are certified to stand the test of time. So that you know that the quality is built in and you don't have to worry about future defects affecting the project or your reputation
- ✔ No long lead times. We carry a comprehensive range. So you can get what you want when you want it, saving you frustration, time, and money.
- ✔ Product is in stock and ready to go. So, when you're ready for it, it's ready for you.
- ✔ We deliver the same day in Melbourne and Sydney Metro. So, there is no waiting. No lost time on site. When you're on tight delivery deadlines, we're there for you.
- ✔ Our team provides personal, product support and advice. Fast. So, you're not in this alone. There is guidance, insight, and friendly support when you need it most.
