DESIGNER CUSTOM MADE FIREPLACES

Fires By Design is a specialist retailer of **WARMINGTON** fireplaces, handcrafted in Auckland, New Zealand and a leader in the industry since 1994. We offer customised options and guidance on integrating all **WARMINGTON** products. Assisting you from concept to installation, we aim to inspire and advise you to find the most practical, efficient, and sustainable solutions.

We love working with Architects, Interior Designers and Home Owners to create a masterpiece that will provide warmth, comfort and ambience. We offer a draughting service to help you tailor-make your fireplace and provide personalised customer care, professional in-house production management and ongoing technical support.

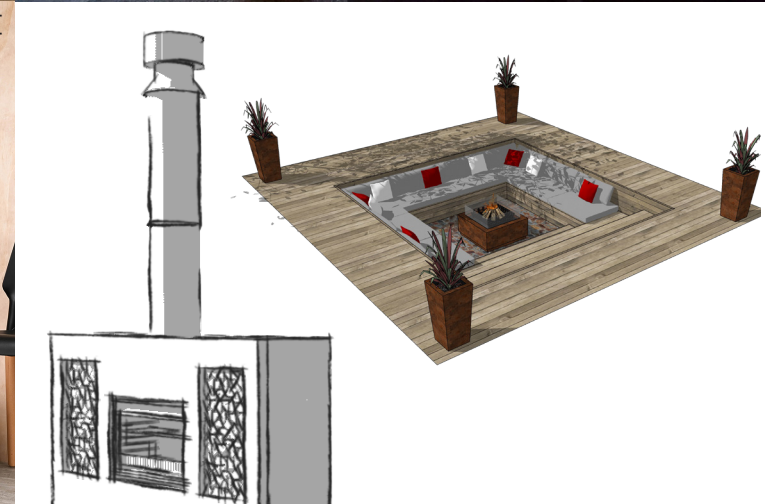

Specialising in custom designs, we give our discerning clients a unique product that is built to last and sure to enhance the property's value & appeal.
