

*Darkness is to space what silence is to sound*

MARSHALL MCLUHAN, Theory of Vanishing Points

fifth : season design

fifth:season design was established in 2011 and specialises in architectural lighting, light audits and graphic design. Projects range in size from small shops to entire townships.

fifth:season design has completed projects in Qatar, Singapore, Vietnam, Sri Lanka, Spain, India, Mauritius, Nepal and New Zealand.

WHAT WE DO:

1

LIGHTING DESIGN

- liaise with architect and stake holders
- conduct light audit if required
- establish the lighting design intent
- present sketches of the design intent
- produce concepts and 3D renders
- develop detailed light layout
- indicate exact light positions
- provide lighting circuit with load schedule
- provide detailed light legend and bill of quantity
- recommend product list with vendor contact

2

PROJECT CONSULTATION

- coordinate and approve mock-up
- oversee and assist in tender process
- review and negotiate commercial offers
- review and recommend suppliers and products
- coordinate with suppliers for delivery
- coordinate final installation and commissioning
