

# OUR SERVICE

We specialise in high quality timber fireplace surrounds. Whether you're looking for one of our classic fire surrounds or something a little different, if you can imagine it, we can create it.

## ABOUT US

We love the beauty of wood, how each item is its own unique piece, its own grain, and own character. It takes true artistry working with a sustainable material to create the ultimate masterpiece. Made with every attention to detail, our quality products enhance spaces, and will last generations to come.

# CUSTOM FIRE SURROUNDS

All of our fire surrounds are made from wood. The choice is yours when it comes to the species of timber used and whether you want a natural look or a paint quality finish.

There are many mantel profiles to choose from whether you want a more traditional fire surround complete with corbels or a minimalistic look with a floating mantel. We can help you create your dream!

## craftbuilt

We custom make all our fire surrounds to order to meet your requirements. Get in touch with us to discuss your needs.

# MODERN DESIGN

We would like to think that fire surrounds can take a modern twist on a traditional concept. Enquire about our range of designs or come up with your own - the choice is endless!
