The image shows two large, brown, tapered planters arranged in a row. The planters are filled with various green plants, including a dense cluster of small, rounded leaves and a large, bushy mass of fine, needle-like foliage. The background is a wall of vertical wood slats, and the scene is lit by bright sunlight, creating sharp shadows. A portion of a wicker chair is visible on the left side of the frame.

# Luxurious Outdoor Fabrics

Our fabrics are designed specifically for the outdoors, so if you're looking to change up an existing lounge or daybed, or breathe fresh life into your boat cushions, our fabrics can be purchased by the lineal metre.

Our luxurious collection of outdoor fabrics brings another layer of comfort, texture and style to any outdoor application, and now we offer cut-to-length on our entire range.

## *Basics & Textured Basics*

[ bey-siks ] Luxuriously soft and incredibly hard-wearing, our Basics and Textured Basics ranges comprise of woven Sunbrella yarns. These fabrics are showerproof, easy to clean and fade-resistant, making them perfect for outdoor use.

## *Broadcloth* [ brawd-klawth, -kloth ]

Broadcloth is lightweight and easy to handle, but also very tough and fade-resistant. It is an ideal fabric choice for outdoor cushions, upholstery or drapes.

*Canvas* [ kan-vuh s ] Canvas is a thick, sturdy fabric ideal for sling chairs and bean bags. Made from 50% recycled acrylic material from the Sunbrella mills in the USA, it is incredibly durable. A great option for almost any outdoor application.

---

## *Linens* [ lin-uh ns ] Our Linen range is the product of the flax plant that is grown, harvested and milled in Belgium. As part of the weaving process, the Linens have a special outdoor treatment applied to them that is embedded in the fabric. This makes them ideal for outdoor applications, while still holding true to their delicate, natural appearance.

## *Slub Linens* [ sluhb ] Our Slub Linen range from Belgium is woven on an older style loom, giving the fabric a unique 'slubbiness', which we see it as being integral to the cloth's beauty. As part of the weaving process, the Slub Linens have a special outdoor treatment applied, making them water repellent and fade-resistant.

## *Stonewash Linens* [ stohn wosh ] Our Stonewash range is made from 100% Hemp and is completed with a stonewash finish. This combination results in a soft and luxurious fabric solution for those outdoor pieces that are in areas that are protected from the harsh elements.
