Our Range

—

GB Masonry sources the best quality sands and aggregates, achieving distinctive colours and finishes thanks to outstanding attention to detail and extensive expertise. Our masonry products have become a hallmark of architectural style and design, with a range that includes sleek honed options, bold textured finishes in the split face and rock face ranges, and the timeless style of our smooth finished ranges.

The Benefits

When considering building products to use on your project it is important to understand all the pros and cons before making your final selections.

-
- 1. Low maintenance**
Minimal maintenance, maximum impact. You're guaranteed a long-lasting, tough, and easy to care for solution.
 - 2. All-weather resistant**
Heavy storms. Blistering heat. Sub-zero frosts. Our products are designed to hold up to anything our weather systems are capable of throwing at it.
 - 3. Fire resistant**
All of our products are non-combustible and highly fire resistant – making them ideal for bushfire prone areas.
 - 4. Termite resistant**
With no organic wood materials present in our concrete formulations, our masonry range is naturally termite resistant.
-
- 5. Simple installation**
Easy to install and structurally robust – our products are perfect for 'do it yourself' installations.
 - 6. Environmentally aware**
We've designed our production processes to minimise effects on the environment ensuring they do not deplete precious natural resources
 - 7. Impact resistance**
Our masonry range is also renowned for its toughness and hard-wearing properties, and can handle impacts from many external forces.
