HANDCRAFTED CARPET

As one of the hero materials in the working or living space, carpet deserves to be considered. Nodi's natural carpets are all skillfully handcrafted — each woven by hand on wooden looms, creating totally unique, one-of-a-kind textures, designed with integrity and crafted with the utmost skill and care.

Using only the softest 100% pure and sustainably sourced New Zealand wool, the result is a range of uniquely textured carpets of the highest quality, commercially tested for a lifetime of enjoyment. Nodi's handcrafted carpets are an artisanal experience, and a joy to live with.

TIP SHEARED WOOL

Our pure wool carpet is designed with a tightly woven and flat texture, standing up to the demands of frequent use, while staying true to what Nodi has become synonymous with: the best quality, unique textures and a curated offering.

Uniquely understated, loops of yarn are carefully shorn by hand to create depth and variation in texture. The Tip Sheared Wool is ideal for spaces that need an understated, low maintenance, natural texture that is hard wearing and forgiving.

BASKET WEAVE

Inspired by a classic basket weave, this hard wearing woollen weave adds subtle underfoot texture. Forgiving and low maintenance, it is ideal in spaces with regular foot traffic. The flatness of the weave also makes it pet-friendly.

MINI WAFFLE

With a design focus on creating a tightly woven and flat texture, the Mini Waffle stands up to the demands of frequent use, while staying true to what Nodi has become synonymous with: the best quality, unique textures and a curated offering.

Inspired by the texture that occurs when two objects are pressed tightly together, this handcrafted weave is ideal for spaces that need an understated, low maintenance, natural texture that is hard wearing and forgiving.

HANDCRAFTED

Each roll of Nodi carpet is woven entirely by hand on traditional wooden looms, working with skilled artisans to develop and manufacture our bespoke textures. Through this unique process we are able to create totally unique, one-of-a-kind textures, designed with integrity and crafted with the utmost care. Any irregularities are considered to be beautiful, reflective of the hand that crafted them. Nodi's handcrafted carpets are an artisanal experience and a joy to live with.

YARN

Using only the softest and highest quality 100% New Zealand wool, Nodi's handcrafted carpet is created to endure life's activity. Our wool is sourced from local sustainable farms who practice ultimate consideration to the land, the animal, and yarn quality. Nodi chose to use only 100% pure wool yarn for its beneficial qualities, including being fire retardant, breathable (safe for your family to roll around on), and (most importantly!) easy to clean. As natural insulation, wool not only adds warmth, but also creates a natural sound resistance. We work closely with our dyeing technicians to ensure the highest quality dyes are used to achieve our unique carpet palette.

INSTALLATION

Nodi collaborates with specific installers whose work is continuously of the highest of standards. Each job requires a site measure or mark-up plans to ensure we quote product and install accurately, to optimise reducing wastage and ensuring a premium end result.

STYLES

We have intentionally kept our carpet range highly curated, ensuring the styles that we create are led with design and functionality. These handcrafted weaves have proven to us their durability and capability.

COMMERCIALLY TESTED

Nodi's handcrafted carpet has been commercially tested to be suitable for residential and commercial use. All of our handcrafted woollen carpet has passed through commercial fire testing by the NZWTA.
