## OVERVIEW OF COMPANY

### Permacolour – replicating nature in concrete

Permacolour is recognised as New Zealand's leading manufacturer and supplier in the decorative concrete industry, offering attractive finishes for new or existing concrete.

Established in 1992, Permacolour is proudly New Zealand owned and operated and has the largest range of products and services available for decorative concrete finishes with top quality products, extensive experience and the most comprehensive technical support service around.

With an innovative approach to research and development by owners with over 32 years experience in the industry, Permacolour has the expertise to provide solutions for all your decorative concrete projects providing aesthetically pleasing finishes that reflect nature in concrete.

Why you should contact Permacolour for your project:

- Our comprehensive range of products allows for the beautification of drives, paths, patios and walkways and our exciting range of decorative coatings provide unique and endless possibilities for internal walls, floors & benchtops.
- Our products are of the highest quality and come with a Manufacturer's guarantee, all supported by our experienced, knowledgeable and friendly staff.
- We can recommend top quality contractors and applicators

Permacolour has warehouses in Auckland, New Plymouth and Christchurch, with distributors in the North and South Island as well as a nationwide freight network. We are able to provide an efficient cost effective service nationwide as well as to the export market.

With our vast knowledge and product range we can guide you to a decorative concrete solution that works for you.

Our exciting product range can be viewed on our website [www.permacolour.co.nz](http://www.permacolour.co.nz)
