QUATTRO

Distinctive aesthetic style with intelligent lighting control...

Quattro system that combines sophisticated technology and innovative concept is created to breathe new life into outdoor living areas with its modern architectural form along with a unique sense of design. Quattro is characterized by an advanced technology and exalting the product aesthetics.

Quattro has clean modern lines with a minimalist geometric appearance and it is the latest in Suntech's extensive contemporary collection of outdoor living solutions. System also introduces innovative world's first lighting that is integrated within the fabric layer by inspired unique asymmetrical lines. The patented lighting system is also equipped with RGB Led - Hidden Stripe lighting to vary color and Led Stripe Dimmer lighting on sides within the structure to provide intensity or HDD Lux High Power Led lighting options integrated on fabric.

Individual modules can be customised up to 5.5m wide and 8m projection with flexible installation methods such as integration to existing structures, wall mounting and free standing for larger outdoor areas.

QUATTRO

■ Led Stripe Dimmer Lighting

■ RGB Led-Hidden Stripe Lighting

■ Linear Fabric Dimmer Led

Led Stripe Dimmer Lighting illuminates all around the system and creates a warm atmosphere. Dimmable Soft Led Stripe lighting on sides within the structure provides intensity of day light or cool white options.

RGB Led-Hidden Stripe Lighting provides ultimate luxury by creating distinctive atmosphere in outdoor living areas with infinite colour options.

Hdd Lux High Power Led integrated lighting profiles on fabric creates sufficient ambient light during evening.

Linear Fabric Dimmer Led innovative world's first lighting that is integrated within the fabric layer by inspired unique asymmetrical lines. The patented lighting system can be offered symmetrical or asymmetrical design to complete your minimalist style.

QUATTRO

Flexible installation methods are available with wall mounting and free standing installations and they can even be served as a roof assembled to existing frameworks.

Intra-Column Drainage Pipe

The water can be drained through internal drainage pipe and it eliminates factors that could block correct water flow. Intra-column drainage pipe collects the water and discharges to the ground.

Water Flow

The fabric is equipped with invisible bilateral slope that enables one side or alternating drainage through rafters while keeping flat appearance.

Closures

Sapphire/Cycle Guillotine Glass System
System can be adapted to Quattro system and offers a maximum clear span that provides unobstructed view & minimalistic style. The system is operated by just the touch of button.

Framee Sliding Glass System
Minimal line of Framee system is perfectly matching with modern architectural Quattro system by insulated fine-framed sliding glass panels. System offers a comfortable sliding with easy individual movement.

Swind-Motorised Windbreaker System
Swind can be combined with also Quattro system and offers adequate wind breaking with the option of total transparency by incorporating the function of balustrade. Thanks to led stripe dimmer lighting integrated side frame the fixed panel assigns distinctive appeal. The system is modular and completely flexible as there are no limits in the horizontal direction that can be used to surround spaces of all types and sizes.

Slidia Sliding Glass System
The combination of the sliding glass system with Quattro ensures efficacious protection from wind and rain. The aluminium frames which cover each glass panel provide maximum safety standards and practicality with elegance details.

Violet Glass Balustrade System
The adaptability of Violet fixed balustrade glass with Quattro creates a stunning visual transparency without lacking of obstruction to lines of sight. The stylish lighting solution that is integrated underneath the glass highlights attractive aspect of the design by amplifying overall aesthetic of outdoors. Thanks to flexible and multiple modular implementations, system can be used to cover comprehensive areas without limitation in the horizontal direction.

Vertex Zip Screen System
The minimalist, slimlane, contemporary design of the zip system provides comfortable shade and protects against the UV rays. The system includes motorised aluminium structure, entirely powder-coated with stainless steel bolts and screws.

Wallfix Fixed Side Enclosure
The unique designed privacy of Wallfix side enclosure can be combined with Quattro system to optimise outdoor living areas visually.
