

SEALANDA

BUILDING

WHO WE ARE

We are an experienced custom building company offering a personalised and collaborative approach to all our projects.

Our Director, Brendan Jackson grew up on the Sunshine Coast, earning his carpentry and builder's license in Queensland during his 20s. For the past 7 years we have built a sound reputation as an exceptional

best practice building company on the Mornington Peninsula Victoria.

A longing to return to the idyllic Sunshine Coast has recently prompted Brendan to relocate with his young family to commence personal projects and build SEALANDA's client base in Queensland.

WHAT WE DO

OUR MANDATE

Our approach is to build with integrity and high-quality craftsmanship, whilst providing solutions that cater for budget and time allowances.

Our experienced team of tradesmen enjoy embracing the challenges that come along with constructing luxury and bespoke homes.

We work hand in hand with market leading material suppliers and highly skilled contractors to ensure all of our projects are completed for the best quality outcomes.

OUR ADVANTAGE

We are client and solutions focused, with an in-depth understanding of the quality and complexity that architectural residential builds demand.

We take ownership for all stages of the project, problem solving any challenging issues that arise.

We pride ourselves on excellent client satisfaction. We work intensively with our clients through-out the process to ensure we achieve project milestones on time and budget exceeding their expectations for the quality and delivery of the project.

CONTACT

We welcome the opportunity for an introductory meeting to learn more about your practice and discuss prospective collaboration on upcoming projects.
