NEW FURNITURE, HOMEWARES & INTERIOR LOOKS TO INSPIRE

## SUMMER 2021

Longer days and warmer weather means more time spent outdoors enjoying the company of family and friends. For this edition we focus on our collections that enhance that outdoor experience and we are really excited to present a collection that emphasises a handcrafted materiality from master craftspeople around the world whose skill brings a nuanced authenticity to the products they produce.

Workmanship and material selections play an important role in the products we select to present. Throughout this edition you will discover examples in the textures of the fabric, woven ropes, ceramics and timbers that we have chosen that make the items special and reflect the passion of the artisans that have created them.

It has been a difficult time for a lot of industries over the past two years and ours is no different. Material shortages, production delays, a broken international shipping industry and Covid restrictions have created a perfect storm of problems. There are still plenty of obstacles in the way and if you are thinking of investing in furniture then we encourage you not to delay your purchase decisions to avoid disappointment as the international shortages that we are all seeing across most industries is adversely affecting lead times and availability for most furniture suppliers.

Lastly, we'd like to take this opportunity to thank everyone who has supported us through this very challenging year and we wish you all a great summer and hope to see you again soon.

**READY TO DELIVER** To help guide you to items that are in-stock now or expected to be available for pre-christmas delivery look for this symbol.

FRONT COVER **Luxury Lilo** by Oliver James from \$1,499

## New + Noteworthy

### Byron

Combining luxury comfort with contemporary design, the Byron lounge chair entices you into its loving embrace.

A curvaceous and elegant piece that draws inspiration from turn of the century Paris and is defined by soft feminine lines and an embracing expression. Its spacious rounded profile is perfect for relaxing with family and friends.

### Taking it easy

ROI by Benjamin Baum is a contemporary expression of pure DEDON DNA. Compact yet comfortable, ROI is equally at home atop a beach dune, on an urban balcony, or poolside amidst a full array of DEDON furniture. Lightweight, stackable and easy to move around, ROI is there when you need, bringing people together for conversations all day long and deep into the night.

## Kitchen confidence

**Intersection**, the new project by Vincent Van Duysen, is a strongly expressive kitchen with sophisticated details that highlight *Dada*'s excellence in working with materials. Its surfaces intersect to create patterns of light and shadows, solid worktops with important customisable sections with almost imperceptible profiles or sections chiselled like sculptures.

**Winner | 2021, NYCxDesign Awards, Kitchen Cabinetry Category**

**Ranger**  
by Cove Outdoor
