

TAPIS

A LANGUAGE OF TEXTURE

WAUTIER
CARPETS

Wautier Carpets

We are a boutique studio from Australia, specialising in luxury, bespoke carpets and rugs. Headed by industry experts, we offer a curated selection of premium European brands alongside our own in-house designs. Our commitment to integrity, craftsmanship and design innovation positions us as a leader in both the luxury and commercial flooring market.

Tapis— the French word for carpet—embodies elegance, craftsmanship, and versatility. The collection was born from a fusion of passion and vision, shaped to meet the evolving needs of architects and designers seeking high-quality, bespoke carpets for luxury interiors. Each piece reflects refined aesthetics, innovative techniques, and meticulous attention to detail, offering tailored solutions that balance contemporary design with timeless craftsmanship.

A defining principle of Tapis is the practice of first creating samples in pure white. In this distilled state, texture and structure are revealed without distraction—tweed-like weaves, lustrous silk threads, sculptural rows, and abstract grids emerge as living surfaces. Matte wools and lustred silks catch the light in subtle dances, while chunky yarns and loops celebrate tactility and warmth. White becomes the neutral ground

that allows architects and designers to read texture in its clearest form, much like a gallery wall amplifies the art it holds.

From this foundation, Tapis can be fully reimaged. Every design can be crafted in any colour, fibre, size, or shape, with performance and density assured. Beginning in white provides clarity of form; transforming into bespoke palettes and materials unlocks endless possibilities unique to each project.

The Tapis Collection by Wautier Carpets is not simply a range of carpets—it is a design language. It invites architects and designers to explore texture as the first step, then imagine it fully redefined through custom craftsmanship. In doing so, Tapis unites material honesty, aesthetic sophistication, and the enduring heritage of Wautier Carpets into carpets that stand the test of time.

The Process

How to choose *your Tapis*.

01. Begin with Texture

Start with white samples to explore the structure of each design. In white, the focus is purely on texture—loops, cuts, weaves, and lustres—revealing how light and shadow interact across the surface.

02. Define Colour & Fibre

Once the texture speaks to your project, select from an unlimited palette of colours and fibres. Whether it's New Zealand wool, lustred silk, or innovative blends, every choice can be tailored to suit your scheme.

03. Tailor the Form

Finally, customise scale, shape, and performance. From rugs to wall-to-wall, round to rectangular, every Tapis is made to measure—ensuring durability, density, and design integrity for any interior.

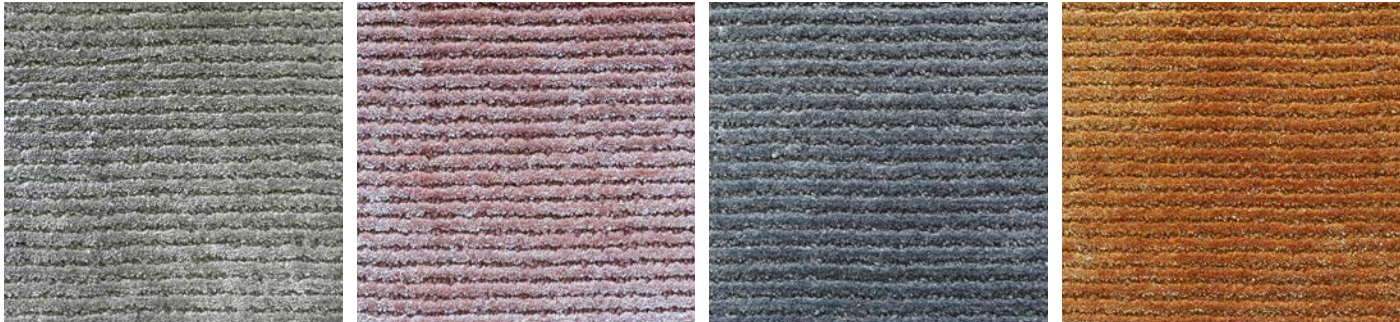

Row 1

A beautiful linear design with slim yet plush rows with an almost invisible loop divider, composed in either matt or lustred in fibre selection.

Bespoke: Yes - Colour / Fibre / Size / Design
Use: Residential/Commercial/Marine + Aviation
Minimum Order: 16m²
Output: Rugs / Runners / Wall to Wall Carpet

Technical Information	
Construction	Hand Tufted 450 Cut & Loop
Product	Tapis Row 1
Yarn/Fibres	Lumi Silk / NZ Wool / Bamboo / Tencel
Pile Height	9mm (+/0.5mm)
Total Height	11mm (+/0.5mm)
Pile Weight	72oz (4.5lbs)/sqyd
Moth Proofing	Yes

Left: Render in White | Middle: Base White Texture Sample | Above: Bespoke Project Samples

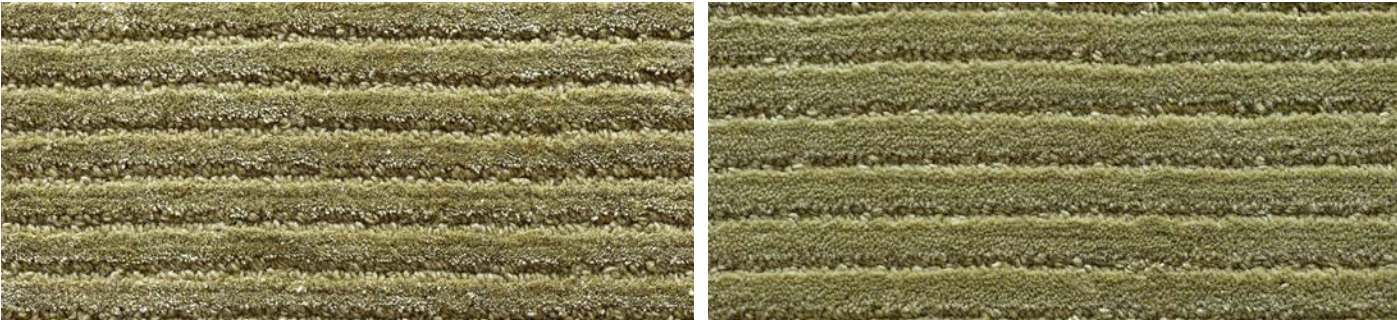

Row 2

A beautiful linear design with thick plush rows with an visible loop divider, composed in either matt or lusted in fibre selection.

Bespoke: Yes - Colour / Fibre / Size / Design
Use: Residential/Commercial/Marine + Aviation
Minimum Order: 16m²
Output: Rugs / Runners / Wall to Wall Carpet

Technical Information	
Construction	Hand Tufted 450 Cut & Loop
Product	Tapis Row 2
Yarn/Fibres	Lumi Silk / NZ Wool / Bamboo / Tencel
Pile Height	9mm (+/0.5mm)
Total Height	11mm (+/0.5mm)
Pile Weight	72oz (4.5lbs)/sqyd
Moth Proofing	Yes

Left: Render in White | Middle: Base White Texture Sample | Above: Bespoke Project Samples

Prague

A semi lustred, blend of 50% wool 50% lustrous Lumi Silk, easily cleanable, Prague is ideal for both beauty and endurance.

Bespoke: Yes - Colour / Fibre / Size / Design
Use: Residential/Commercial/Marine + Aviation
