

TRADE ME, AUCKLAND

2014

PROJECT DESCRIPTION

Following on from our award-winning fitout of the Trade Me offices in Wellington, the Auckland offices presented an exciting opportunity to extend our design philosophy and reinterpret it to suit the site and the sensibilities of the Auckland office. A connecting theme between our fitout of both Trade Me offices is bringing the outdoors, indoors. In Auckland, it was through vibrant green walls composed of living plants, which not only add dynamic colour to the place but also serve as acoustic panels.
