

# EBUILD

## Building homes for over 25 years

EBUILD is a high-end Building Company established in 1997, The EBUILD team has over 150 years of carpentry experience in house and is committed to providing you with a build quality and service second to none.

Whether it is high density, duplex designs, modest Investment properties, first homes or multimillion dollar luxury properties.

Our in-house designers, project managers and quantity surveyor will work with you to achieve an on time and on budget build.

For Design and Build, Knockdown and Rebuild, Subdivide and Build, Alterations and Additions, Light Commercial and Architectural builds

EBUILD Homes was established to provide quality new homes at affordable prices.

At EBUILD Homes we not only offer an independent 10-year Guarantee through Halo, we also offer a personal Guarantee, with workmanship second to none, a personal service and one on one communication throughout your build.

We are currently building in the Wairarapa and have House and Land packages available in several locations.

Brand new, standalone low maintenance homes are now for sale from  
**\$670,250.00**
