HISTORICAL REJUVENATION

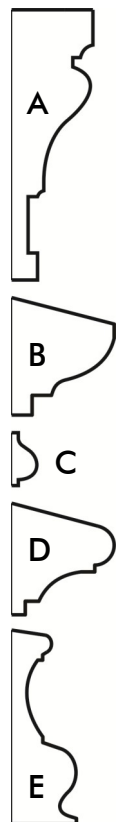

(Quay Buildings, Britomart, Auckland)

The owners of Quay Buildings have gone to great lengths to restore this majestic old building to its former glory.

Accumen Shapes replicated the majority of the mouldings and were delighted to be part of the large restoration team.

Credit must be given to Cheshire Architects for their very keen eye, Bracewell Construction for the competent site management, and Andrew Plastering for the skilful installation of the **Accumen Shapes** decorative details.

This captivating building will never date.

"A peacock who sits on his tail is just another turkey." Unknown
