AWARD WINNING HOME

(Gulf Harbour, Auckland)

This substantial home has won the Group Housing Award for Excellence in Workmanship at the **Resene Construction Systems** annual conference recently held in Wellington.

Congratulations to **Brian Kaye** from **B.K Textures Ltd** who applied the exterior plaster finish using Rockcote products, with the addition of quoins (features on exterior corners) and decorative architraves around windows and doors, manufactured by **Accumen Shapes**.

Quoins exist on buildings to make a feature of a corner, creating the impression of strength and reinforcing the onlookers sense of the structure's presence.

"The lead sled dog always gets the best view"
